

PROJECT :

CENTRAL ELEMENTARY SCHOOL THEATER UPGRADE

Project Overview

Central Elementary School recently completed a comprehensive theater upgrade by PureTek Group, transforming its auditorium into a modern, versatile performance and learning space. The upgrade includes professional-grade lighting, a robust A/V system, and the fully integrated unRAVL™ control system, streamlining lighting, projection, and sound with a user-friendly touchscreen interface.

The system supports creativity and collaboration, with staff and student training included to ensure ease of use. This upgrade enhances real-world learning opportunities, making Central Elementary a dynamic space for both educational and creative activities.

Theatrical Lighting & Rigging

Installed professional-grade LED theatrical fixtures, upgraded house lighting, advanced dimming systems, and completed ETCP-certified rigging repairs to ensure safe, high-performance operation.

Professional Audio & Accessibility

Integrated a custom audio system with digital consoles, microphones, amplifiers, and speakers—paired with assisted listening devices to support accessibility for all users.

A/V & Projection

Added a 9' x 16' proscenium projection screen with a 9800-lumen laser projector, enhancing both performance backdrops and instructional flexibility.

Unified Control with unRAVL™

Unified lighting, audio, and projection into a single touchscreen interface for easy operation by staff and students.

NEC-Certified Electrical Work:

Provided turnkey labor and materials to streamline installation and meet safety standards.

Support & Training

Included two live event supports and a five-year training and maintenance plan

Ekotek Electric
Northeast Stage

“Now, the sky's the limit because now we can even do more intricate settings. The space could now be used by the district for outside rentals. But certainly, we can take our own show capabilities up quite a few notches. As far as quality and real show-worthy and performance-worthy standards.”

Jon Hartlage, Music and Vocal Teacher
